

## LANDSCAPE CONTRACTOR

The Louisiana Horticulture Law states that no person shall receive fees, advertise, or solicit business in a regulated profession or occupation unless he holds the appropriate license or permit, or has a regular employee who holds the appropriate license or permit, or is employed by a person who holds the appropriate license or permit. For specifics on what each license or permit authorizes, see Section 3808 of the Horticulture Commission Law. All licensees are required to place at least one of their license numbers on all business related vehicles that have advertisements on them (Section 115 E of regulations).

### Landscape Contractor License

Authorizes the holder to recommend and execute measures for interior and exterior beautification through the use of nursery stock. Includes bed preparation, plant installation and sod installation. May sell nursery stock that he/she installs only. Cannot draw landscape designs for a fee. May prepare drawings to indicate the placement of nursery stock. Must have name, the words "Landscape Contractor", and license number on all drawings.
