

RETAIL FLORIST

12/20/2011

The Louisiana Horticulture Law states that no person shall receive fees, advertise, or solicit business in a regulated profession or occupation unless he holds the appropriate license or permit, or has a regular employee who holds the appropriate license or permit, or is employed by a person who holds the appropriate license or permit. For specifics on what each license or permit authorizes, see Section 3808 of the Horticulture Commission Law. All licensees are required to place at least one of their license numbers on all business related vehicles that have advertisements on them (Section 115 E of regulations).

Retail Florist License

Authorizes the holder to arrange and sell floral designs, cut flowers and ornamental plants. Does not include the sale of woody ornamentals, such as tall trees or fruit trees. Must have a regular employee (minimum of 32 hours per week) at each place of business who is a licensed florist. Does not apply to artificial materials or dried plant materials.

This list will be updated periodically. If you have any questions, please call (225) 952-8100.
