

## LANDSCAPE HORTICULTURIST

The Louisiana Horticulture Law states that no person shall receive fees, advertise, or solicit business in a regulated profession or occupation unless he holds the appropriate license or permit, or has a regular employee who holds the appropriate license or permit, or is employed by a person who holds the appropriate license or permit. For specifics on what each license or permit authorizes, see Section 3808 of the Horticulture Commission Law. All licensees are required to place at least one of their license numbers on all business related vehicles that have advertisements on them (Section 115 E of regulations).

### Landscape Horticulturist License

Authorizes the holder to recommend and execute measures for interior and exterior beautification through the use of nursery stock, may sell or lease and maintain nursery stock. Includes bed preparation, plant installation, sod installation, pruning, fertilizing, landscape maintenance and operating a nursery. Cannot draw landscape designs for a fee. May prepare drawings to indicate the placement of nursery stock. Must have licensee's name, the words "Landscape Horticulturist", and license number on all drawings. We do not regulate yard work (cutting lawns, edging and hand-weeding beds).

This list will be updated periodically. If you have any questions, please call (225) 952-8100.
