## USDA Secretary Visits South Louisiana

By Veronica Mosgrove

USDA Secretary Sonny Perdue said his recent visit to south Louisiana was great all the way around. He was invited by United States House of Representatives Majority Whip Steve Scalise who also represents Louisiana's 1st congressional district.

"To have him here in Louisiana for two days, meeting farmers, visiting our export facilities, sugar mill and research institutions is an honor," said Louisiana Department of Agriculture and Forestry Commissioner Mike Strain, D.V.M.

It was also a good visit for farmers who got one on one time with the head of the USDA. Farmers addressed topics such as the United States-Mexico-Canada Agreement (USMCA) which Perdue said is a much better agreement than the North American Free Trade Agreement (NAFTA), Chinese crawfish and tariffs and the need for H2A and H2B workers in which he said President Donald Trump understands the need for a legal and stable workforce.

Perdue also visited the ADM Grain Co. in Destrehan, La. where soybean producers lamented over water damaged soybeans. Perdue agreed that finding a home for the soybeans is difficult.

"One of the challenges we have is our laws won't allow us to do the mitigation program if crop is unharvested. Some people have so much damage they are in a catch-22. They can't sell it and can't get

compensated if they cannot harvest it," said Perdue. "We need to advocate Congress for a new disaster bill that will understand the quality devaluation for these farmers in Louisiana and up the river."

On trade, Perdue thanked the crowd of agriculture and forestry producers for understanding that the president wants to get a better deal for them. "While China has been a good customer, they have not played fair and we've become too dependent on the Chinese market. It puts us in a compromising position."

Perdue also visited Raceland Sugar Mill which he called a "first class operation." He acknowledged that the agreement negotiated with Mexico last year has been well received, well executed and sugar producers and mills seem to be happy with it.

As for the Farm Bill, Perdue said work requirements continue to be a sticking point. "We believe Americans are some of the most compassionate, most generous people in the world. They want to help people, but they want to help people who want to help themselves," he said. "Most of the money goes to our supplemental nutrition or food stamp program and these waivers allow people to stay on the food stamp program. If they are able to work, then that is a problem."

This was Perdue's first visit to Louisiana since being appointed USDA Secretary.

## Boll Weevil detection in Mississippi

MIKE STRAIN DVM  
COMMISSIONER

(Oct. 11, 2018) - The Louisiana Department of Agriculture and Forestry (LDAF) has reinforced trapping along Interstate 20 in Northeast Louisiana following the recent capture of two Mexican boll weevils (*Anthonomus grandis* Boheman) in Mississippi.

It is uncertain how the boll weevils arrived there, but

I-20 is the suspected route of harvest equipment traveling into Mississippi.

“As a precautionary measure, trap lines are maintained along the I-49 and I-20 corridors in North Louisiana and traps are placed near truck stop areas and Department of Transportation and Development truck scale houses,”

said LDAF Commissioner Mike Strain, D.V.M. “Because of this recent find, we have narrowed the distance between traps along I-20 in Northeast Louisiana.”

The boll weevil is a beetle that feeds on and destroys cotton buds. It is believed to be native of Mexico.

To date, boll weevil personnel

have verified inspection and/or fumigation certificates of 13 cotton pickers and one tractor coming into Louisiana from Texas.

The last boll weevil captured in Louisiana happened in May of 2010.

In 2012, the boll weevil was declared eradicated from the state of Louisiana.

## Lumber mill owner arrested for theft

**Baton Rouge, La.** (October 17, 2018) – A Natchitoches Parish man is accused of theft by misappropriation.

On October 15, 2018, Louisiana Department of Agriculture and Forestry (LDAF) enforcement agents arrested 73-year-old Larry R. Davis who is accused of misappropriating funds for timber valued at \$128,000.

LDAF Commissioner Mike Strain, D.V.M., said, “Investigators started receiving complaints in April from logging companies in Avoyelles, Natchitoches and Rapides parishes that timber was being delivered to Davis Lumber Co. in Natchitoches Parish and the loggers were not being compensated for

the delivered timber.”

LDAF agents conducted an investigation and discovered that Davis allegedly sold the timber delivered by logging companies without compensating the victims. Investigators also said Davis misappropriated funds intended to be paid to the victims for their timber.

Agents obtained arrest warrants on Davis in Rapides Parish for theft over \$5,000, in Natchitoches Parish for theft over \$25,000, and Avoyelles Parish for theft over \$25,000.

Davis was booked into the Natchitoches Parish Detention Center on Oct. 15. He was released on a \$25,000 bond.
