

LDAF Industrial Hemp Program Seed Acquisition Request Instructions

Seed Acquisition General Information

- All industrial hemp seed and propagating stock must be pre-approved by LDAF prior to being shipped into Louisiana.
- Licensees must submit a completed *Seed Acquisition Request* form, along with all required documentation to LDAF a **minimum of two (2) weeks in advance of any proposed transfer of materials**.
- The source of seed and propagating stock must be a licensed participant in a recognized program in the state of origin; i.e., an institute of higher education or an individual or company permitted, or licensed by another industrial hemp program being conducted under the authority of 7 U.S.C. § 5940.
- It is the licensee's responsibility to ensure that the transfer or sale of any industrial hemp seed or propagating stock from another program complies with all applicable laws and policies in the originating state. LDAF has no authority to authorize or regulate industrial hemp materials physically located outside of Louisiana.
- **Seed or propagating stock which has not been approved by LDAF through this process are prohibited in Louisiana.** Any licensee found to be using seed or propagating stock not approved by LDAF may be subject to regulatory action, including any criminal liabilities that may apply.

THC Threshold Compliance (For Seed and Propagating Stock)

- Licensees must purchase and utilize only seed and propagating stock in which a third-party laboratory analysis has confirmed the mature industrial hemp from which the seed or propagating stock was harvested contained a THC concentration of not more than the federally defined THC level for hemp
- Documentation in the form of a Certificate of Analysis (COA) of measured THC levels of parent material must be submitted with this request to LDAF.
- The COA shall include, at a minimum, the name, address, and telephone number of both the testing laboratory and the seed owner at the time of testing, variety/strain, signature of laboratory representative.

Seed Testing and Labeling Compliance (For Seed Only)

- Licensees must purchase and utilize only seed originating from an industrial hemp grower licensed within the state of production that is accompanied by the following official documentation:
 - Seed purity and germination analysis report as set forth in R.S. 3:1436; and
