

# 1972 TIMBER AND PULPWOOD PRODUCTION

In Louisiana

*Released by*

Louisiana Forestry Commission

JAMES E. MIXON, *State Forester*

*Published April 1973*

This report consists of total forest products severed and tax receipts by parish (county) and species plus estimated stumpage values. Calculations were based on annual compilations by the Louisiana State Department of Revenue.

Separate listing of severance and tax receipts under timber conservation contracts has been discontinued. Most of the contracts initiated forty years ago to stimulate reforestation have expired and those remaining no longer represent a significant volume of severance.
