Issued Every Saturday by Harry D. Wilson, Commissioner of Agriculture and Immigration, State of Louisiana, Baton Rouge.

Vol. 2. March 30, 1918 No. 31

Entered as second-class matter August 10, 1917, at the post office at Baton Rouge, Louisiana, under the Act of June 6, 1900.

Articles to be listed should be in the office not later than Thursday midday.

**IMPORTANT NOTICE.**—All patrons of the Bureau of Marketing should bear in mind that the Bureau does not handle any cash transaction, and no checks or remittances should be sent to the Bureau. The Bureau's function is simply to get the buyer and the seller together, and they effect their own transaction. It must be distinctly understood that the Bureau under no circumstances assumes any responsibility whatever in any transaction that may be perfected through information furnished by the Bureau; but should the Commissioner know of any one who has made any fraudulent transaction, he will drop him or her from his list and make public the names of the parties and the transaction. It is very important that patrons should advise the Bureau whenever sale is made or they find what they want, as this will save us lots of trouble and worry. Please state the quantity you offer or wish.

It will save much embarrassment if every inquiry is answered. It is business courtesy. If this bulletin has been the means of bringing interested inquiries to you, you at least owe it to us to answer every inquiry, even though your product has been sold or your wants satisfied.
