

Title 7
AGRICULTURE AND ANIMALS

Part XV. Plant Protection and Quarantine
Chapter 1. Crop Pests and Diseases

Subchapter C. Sweet Potato Weevil Quarantine

§143. Fees

A. – D.2. ...

E. A person who commercially grows, sells, or offers for sale sweet potatoes (“grower”) may petition the Louisiana Sweet Potato Advertising and Development Commission (“commission”) for a yield adjustment on the planted acres of the grower’s 2018 sweet potato crop. Adjusted yields will range from the average yield of 175 bushels per acre set by the Commission down to 70 bushels per acre, which is the minimum adjusted yield the commission will accept.

1. A grower requesting a yield adjustment shall submit a written request to the commission.

a. The request shall include the farm name and address; the Sweet Potato Dealer’s Permit number; the grower’s name, address, telephone number, and e-mail address if available; the acres planted; the total fresh market bushels harvested from the 2018 crop; and a brief explanation of the reason for the request.

b. The grower shall sign the written request. The written request shall be delivered to the commission through mail, fax or other form of actual delivery, on or before 4:30 p.m. on March 25, 2019. A request will also be deemed to be timely when the papers are mailed on or before the due date. Timeliness of the mailing shall be shown only by an official United States postmark or by official receipt or certificate from the United States Postal Service made at the time of mailing which indicates the date thereof. A fax shall be considered timely only upon proof of actual receipt of the transmission.

2. Each grower who has timely filed a request for an adjustment with the commission shall be notified of the date, time and place the commission is scheduled to consider the request at least 10 days prior to the commission meeting. The commission shall not consider a written request that is untimely.

3. Each grower who has timely filed a request for an adjustment may be present and speak on his behalf at the time the grower’s request is considered by the commission.

4. The commission shall grant or deny the adjustment based on the following factors:

a. The location of the farm;

b. The yield per planted acre as compared to the average statewide yield per planted acre, as set by the commission for 2018;

c. The reason given for the request for an adjustment and

d. Any other fact that is relevant to the request for an adjustment.

5. The commission may grant a request for adjustment if it finds all of the following:

a. The actual yield per planted acre for 2018 is less than the average yield per planted acre set by the commission for 2018.

b. The decreased yield for 2018 is related to factors beyond the grower's control.

c. The grower or farm submitting the request owes no delinquent or outstanding sweet potato fees, taxes or fines, levied prior to the 2018 crop year, to the Louisiana Department of Agriculture & Forestry or to the commission.

6. The denial or granting of the request for an adjustment shall be a discretionary decision of the commission.

7. Each grower submitting a timely request for an adjustment shall be notified in writing of the commission's decision and the amount of the adjustment in the yield per planted acre, if any.

8. If the request for an adjustment is granted, then the amount of both the sweet potato fee and sweet potato tax owed by the grower shall be based on the adjusted yield set by the commission.

9. Each grower who submits a timely request for an adjustment, regardless of whether that adjustment is granted or denied by the commission, shall be entitled to pay his sweet potato fee and sweet potato tax without imposition of a penalty if he pays the fee within 30 days after receiving written notification of the commission's decision.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1733, 3:1734.
