

1. that each nursery in the infested areas shall apply to the state entomologist for approval of the proposed nursery-growing site on or before August 15 of each year;

2. that nursery sites shall be at least 300 yards from wild plum, 1/2 mile from phony infested commercial orchards and 1/2 mile from urban areas;

3. that all area within a 1/2 mile radius of the nursery site shall be inspected prior to October 1 of each year, and all phony trees found within such environs removed prior to November 1 of the year in which phony infested trees are found; and

4. that all budding shall be restricted to the slipbud method.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1652.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:320 (April 1985).

§131. Phytophagous Snails

A. From Non-Infested States. Regulated material, including ornamental, horticultural and nursery stock, moved into or within Louisiana directly from any state not infested with European Brown Garden Snail or other Phytophagous Snails injurious to live plants, must be accompanied by a certificate of nursery inspection (tag).

B. From Infested States or Areas. Regulated material, including ornamental, horticultural and nursery stock, originating from any state or area of any state known to be infested with European Brown Snail or other Phytophagous Snails injurious to live plants, and moved into or within Louisiana must be accompanied by a certificate of nursery inspection (tag) and shall be certified snail-free in a manner approved by the department.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:320 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:702 (July 1992).

§132. Conifer and Hardwood Seedlings Used for Forestation Purposes

A. The premises of nurseries growing seedlings for afforestation or reforestation purposes must be inspected and found to be apparently free of pests, diseases, and noxious plants.

B. Any shipment of conifer or hardwood seedlings into or within the state for afforestation or reforestation purposes must be accompanied by a valid certificate issued by the department or the state of origin evidencing that the seedlings are apparently free of pests, diseases, and noxious plants.

C. To aid in obtaining seedlings that are free of pests, diseases, and noxious plants, the preferred method of treatment is fumigation using methyl bromide in seedling

plant beds prior to seeding. All such treatments shall be accomplished by utilizing state and federally registered pesticides in accordance with the label.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1652.

HISTORICAL NOTE: Promulgated by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 33:34 (January 2007).

Subchapter C. Sweetpotato Weevil Quarantine

§133. Applicability of General Quarantine Regulations

A. Sweet potato plants, plant products and parts thereof and host materials for the sweetpotato weevil are subject to all pertinent provisions of the general quarantine regulations contained in Subchapter A and to the regulations contained in this Subchapter.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655 and R.S. 3:1732.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:320 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:702 (July 1992), LR 27:1175 (August 2001).

§135. Definitions Applicable to this Subchapter

A. In addition to definitions found in §103, the following definitions shall also be applicable to this Subchapter.

Commercial Kiln and Storage Houses—any buildings where sweet potatoes produced by different farmers or growers are assembled and stored.

Compliance Agreement—a written agreement between the department and a Sweet Potato Dealer in which the dealer agrees to comply with the General Plant Quarantine Regulations, the provisions of this Subchapter and any conditions specified in the agreement.

Farm Kiln or Storage House—a building or enclosed structure located on a farm in which sweet potatoes grown solely on said farm are stored.

Non-Sweet Potato Area—any area in which the planting, bedding, growing, or storing of any material which acts as a host for the sweetpotato weevil is prohibited.

Platform Inspection—a visual examination by an inspector of sweet potatoes that have been cleaned and packed or containerized prior to the issuance of a certificate permit.

Processing Plants—canning, freezing and dehydrating plants.

Sweet Potato Dealer—a person engaged in the growing for sale, offering for sale, moving or brokering of sweet potatoes, except as noted in §147.C.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655 and R.S. 3:1732.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:320 (April 1985), amended by the Department of

Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:702 (July 1992), LR 27:1175 (August 2001).

§137. Issuance and Use of Certificate Permits, Certificate Permit Tags, and Fumigation Certificates for the Movement of Regulated Material

A. From Sweetpotato Weevil-Free Designations

1. Green certificate permit tags will, upon request to the department, be issued to any person whose growing, packing and storage facilities are designated by the department as sweetpotato weevil-free and who meet the following conditions.

a. The person has a valid sweet potato dealer's permit as required by these regulations.

b. The properties or premises of the person, where regulated materials are grown or stored, have been trapped or surveyed for sweetpotato weevil during the growing season in a manner approved by the department and have been found by the department to be free from sweetpotato weevil.

2. Certificate permits authorizing the movement of regulated material from sweetpotato weevil-free areas or properties or premises to points within and outside of Louisiana will be issued by the department under the following conditions.

a. The person moving the regulated material has a valid sweet potato dealer's permit as required under these regulations.

b. The person has signed a compliance agreement with the department specifying the handling of the regulated material to be moved and the proper use of the certificate permits.

3. Green certificate permit tags shall be attached to or placed within each container in a load or shipment of sweet potatoes, if moved within Louisiana or to any other state which may require such. Green certificate permit tags shall not be reused.

4. Regulated material moving into areas or properties or premises of Louisiana or into a portion of any other state designated as sweetpotato weevil-infested, unless moving under the provisions set forth in §139.D.2.c, shall not be moved back into any Louisiana sweetpotato weevil-free designated area and shall lose its sweetpotato weevil-free status.

B. From Sweetpotato Weevil-infested Designations

1. Pink certificate permit tags will, upon request to the department, be issued to any person whose growing, packing and storage facilities are designated by the department as sweetpotato weevil-infested and who possess a valid sweet potato dealer's permit as required under the provisions of these regulations.

2. Certificate permits authorizing the movement of regulated material from or within sweetpotato weevil-infested areas or properties or premises will be issued by the department under the following conditions.

a. The person has a valid sweet potato dealer's permit as required under the provisions of these regulations.

b. The person has signed a compliance agreement with the department specifying the handling of the regulated material to be moved and the proper use of the certificate permits.

c. The regulated material shall not be moved from a sweetpotato weevil infested designated area into a sweetpotato weevil-free designated area, or to any state which may prohibit entry of such regulated material, unless fumigated under the provisions set forth in §138.

d. If regulated materials are moved, then the regulated materials shall be completely enclosed in the vehicle body or covered tightly by tarpaulins or other means approved by the department in advance of movement.

e. Certificate permits attesting to regulated material fumigation and authorizing the movement of regulated material from areas or properties or premises designated as sweetpotato weevil-infested will be issued when such regulated material is inspected, found apparently free of the sweetpotato weevil and fumigated under the provisions set forth in §138 hereof.

3. Pink certificate permit tags shall be attached to or placed within each container in a load or shipment of sweet potatoes, if moved within Louisiana or to any other state which may require such tags. Pink certificate permit tags shall not be reused.

C. No regulated material may be moved or shipped within or out of Louisiana unless accompanied by a valid certificate permit.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655 and R.S. 3:1732.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:320 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 14:527 (August 1988), LR 16:600 (July 1990), LR 18:702 (July 1992), LR 27:1175 (August 2001).

§138. Fumigation and Maintenance of Weevil-Free Status of Regulated Materials Originating from Designated Sweetpotato Weevil-Infested Areas or Properties or Premises

A. Fumigation Measures. Persons operating storage houses and/or packing sheds who desire to move regulated materials from areas or properties or premises designated by the department as sweetpotato weevil infested into areas or properties or premises designated as sweetpotato weevil-free, or to any state which may prohibit entry of such regulated material, shall:

1. enlist the services of a certified fumigator to perform the fumigation;

2. possess a valid fumigation certificate issued by a certified fumigator, indicating that the fumigation was done in accordance with all fumigant label requirements and in a manner approved by the department. Each fumigation certificate shall state the conditions and dates of fumigation;

3. fumigate with fumigants labeled for use on the regulated material and formulated and used in a manner and at a concentration approved by the department.

B. Maintenance of Weevil-Free Status. Regulated materials shall be maintained in such a manner that the integrity of their weevil-free status following fumigation is retained.

1. *Fumigation Chamber*—fumigated regulated materials may be stored in a fumigation chamber approved by the department, designed specifically for fumigating and storing regulated materials. The chamber shall be airtight with a self contained, screened exhaust system in place; shall possess doors that seal; shall contain a minimum of 1,000 cubic feet of space, and larger chambers must be designed to contain an even multiple of 1,000 cubic feet; shall be cleaned of all sweet potatoes, parts, and any other regulated materials between periods of fumigation and storage.

2. Tractor trailer rigs designed and constructed for use in fumigations may be used in place of a fumigation chamber provided the truck body meets the fumigation chamber requirements outlined above, with the exception of the cubic feet requirement. A variation in truck body cubic feet shall be allowed provided the variation allows adequate volume to fumigate according to the fumigant label. All entrances or openings on the truck body shall be sealed in a manner approved by the department, prior to shipment, by the use of not more than two seals.

3. If an approved fumigation chamber or tractor-trailer rig is not used then fumigation and storage of regulated materials shall be conducted as follows.

a. Regulated materials shall be placed in a storage area separate from and in no way connected to any other storage or packing areas containing non-fumigated regulated materials. Storage area must be cleaned of all sweet potatoes, parts, and any other regulated materials between periods of storage.

b. The storage area shall have been treated with an appropriately labeled chemical and in a manner approved by the department prior to initial storage of sweet potatoes harvested and fumigated that season and the storage area shall not be used to store any non-fumigated regulated materials.

c. Fumigation shall be accomplished by tenting the regulated material with a sealed tarpaulin or other suitable sealable material of adequate thickness and construction for use in fumigation with commercial fumigants.

d. Regulated materials shall be completely enclosed with nylon, fiberglass, plastic or other synthetic screen material prior to, during and following fumigation. The screen mesh must be of a size sufficient to prevent entry of sweetpotato weevil and shall be free from tears, rips and holes.

4. Packing House or Shed—sweet potatoes fumigated, screened and stored according to these regulations may be

washed and packed in the same packing house or shed as non-fumigated sweet potatoes, provided:

a. the packing house or shed and all packing equipment is cleaned of all sweet potatoes, parts, and any other regulated materials prior to washing and packing of fumigated sweet potatoes;

b. the packing house or shed is treated with an appropriately labeled chemical and in a manner approved by the department prior to each packing period involving fumigated sweet potatoes.

5. All packing boxes and other packing and shipping materials shall be held in a storage area separate from and in no way connected to any other non-fumigated materials, or be fumigated and stored according to these regulations.

6. Fumigated sweet potatoes washed and packed under approved conditions must be shipped within seven days of packing. Washed and packed sweet potatoes shall be completely enclosed with nylon, fiberglass, plastic or other synthetic screen material immediately following packing and must remain enclosed until shipment. The screen mesh must be of a size sufficient to prevent entry of sweetpotato weevil and shall be free from tears, rips and holes. Fumigated, screened sweet potatoes awaiting shipment shall be labeled with the dates of fumigation.

7. Trucks or other vehicles used to ship fumigated sweet potatoes from sweetpotato weevil infested areas or properties or premises shall be cleaned of all sweet potatoes, parts, and any other regulated materials prior to hauling fumigated sweet potatoes. Vehicle compartments previously containing shipments of non-fumigated regulated materials that were moved from or within designated sweetpotato weevil infested areas or properties or premises must be treated with an appropriately labeled chemical and in a manner approved by the department prior to loading fumigated sweet potatoes for shipment.

8. No non-fumigated sweet potatoes shall be stored, loaded or shipped with fumigated sweet potatoes.

C. Issuance of Certificate Permit Tags. Manila certificate permit tags will be issued by the department to persons meeting all sweetpotato weevil quarantine regulation and compliance agreement requirements and who desire to ship regulated materials that have been properly fumigated from areas or properties or premises designated by the department as sweetpotato weevil infested into areas or properties or premises designated as sweetpotato weevil-free, or to any state which may prohibit entry of such regulated material. Permit tags shall be attached to or within each container in a load or shipment of fumigated sweet potatoes and shall not be reused.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655 and R.S. 3:1732.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 16:600 (July 1990), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:703 (July 1992), LR 27:1176 (August 2001).

§139. Effect of Quarantine for Sweetpotato Weevil**A. Sweetpotato Weevil-Free Designations of Louisiana**

1. The growing or storing of regulated material, including seed beds and field plantings of sweet potatoes is prohibited in areas or properties or premises declared to be non-sweet potato areas, except under special permit issued by the department. Non-sweet potato areas may include but are not limited to sweetpotato weevil-infested properties or premises, as determined by survey or trapping procedures conducted in a manner approved by the department, located in those areas of the state designated by the department as sweetpotato weevil-free.

2. Any regulated material found in non-sweet potato areas shall be disposed of in a manner approved by the department.

3. Regulated materials, properties or premises found to contain sweetpotato weevil may be subject to required treatments, handling restrictions, or destruction as determined by the department.

B. Sweetpotato Weevil-Infested Designations of Louisiana

1. Owners or persons in charge of properties or premises supporting active infestations of sweetpotato weevil within those areas or properties or premises of the state designated as sweetpotato weevil-infested may save their own seed sweet potatoes, provided that:

a. such seed sweet potatoes are graded in a manner sufficient to render them apparently free of the sweetpotato weevil;

b. such seed sweet potatoes are properly treated in a manner approved by the department at the time of storage;

c. no seed sweet potatoes, plants, vines and/or cuttings shall be sold, offered for sale or moved except those which have been inspected by the department and found to be apparently free of the sweetpotato weevil.

2. Regulated materials, properties or premises supporting active infestations of sweetpotato weevil within those areas of the state designated as sweetpotato weevil-infested may be subject to required treatments, handling restrictions, or destruction as determined by the department.

C. Statewide

1. Sweet potatoes in seedbeds shall be destroyed within 15 days after such potatoes have served their purpose, and not later than July 15 of each year. Destruction shall be in such a manner that all sweet potatoes, plants and parts are brought to the soil surface and exposed, or in such other manner as may be prescribed by the department.

2. All sweet potato fields shall be harvested by December 1 of each year by the owner of the crop. Such fields shall be destroyed within 15 days after harvesting, and not later than December 15 of each year. Destruction shall be in such a manner that all remaining sweet potatoes, plants and parts are brought to the soil surface and exposed, or in such other manner as may be prescribed by the department.

3. Sanitary Measures. Persons operating packing sheds, assembly points, processing plants and/or storage houses shall:

a. not permit loose sweet potatoes or parts of sweet potatoes to accumulate in or around any structure in which sweet potatoes are cleaned, packed, processed or stored;

b. render waste sweet potatoes and sweet potato parts unsuitable for or unavailable to the sweetpotato weevil by processing or disposal in a manner approved by the department. If it is necessary to haul host material from the place of accumulation for processing or disposal, such hauling shall be done in an approved tight-body truck or container and covered with a tarpaulin when necessary;

c. not allow sweet potatoes, sweet potato crowns and roots or parts thereof to be carried away from storage houses, processing plants, packing sheds or assembly points in water used in washing sweet potatoes;

d. not permit the sale, offer for sale or movement to any person or farm of culled sweet potatoes or sweet potato parts, except under special permit issued by the department; and

e. not move empty containers or equipment used in the handling of sweet potatoes from packing sheds or processing plants unless cleaned free of all host materials.

D. Regulated Material from Other States

1. Sweet potatoes, sweet potato plants, plant products and parts thereof, host materials, and containers and equipment used in handling sweet potatoes may not enter Louisiana unless accompanied by valid certification from the state of origin.

2. A valid state-of-origin certificate permit tag shall be attached to or placed within each container in a load of sweet potatoes entering Louisiana.

a. Only regulated material certified as grown, stored and inspected in a portion of the state of origin designated as sweetpotato weevil-free, or fumigated in accordance with these regulations, shall enter those areas or properties or premises of Louisiana designated sweetpotato weevil-free unless moving under the provisions of this Section.

b. Regulated material grown, stored or inspected in a portion of the state of origin designated sweetpotato weevil-infested or sweetpotato weevil regulated, and inspected and found apparently free of sweetpotato weevil, shall enter only those areas or properties or premises of Louisiana designated sweetpotato weevil-infested unless moving under the provisions of this Section.

c. Movement of regulated material from sweetpotato weevil-infested or sweetpotato weevil regulated areas or properties or premises through those areas or properties or premises of Louisiana designated sweetpotato weevil-free is prohibited, except when moved by common carrier with a through bill of lading; or, if moved by truck or any other conveyance, said conveyance shall be sealed by the state of origin, shall have no additional regulated

material added to the shipment, and shall not be unloaded within designated weevil-free areas or properties or premises of Louisiana.

d. Regulated material originating in areas or properties or premises designated sweetpotato weevil-free that is moved into any area or property or premise designated sweetpotato weevil-infested or sweetpotato weevil regulated, except under the provisions of this Section, shall not be moved back into any designated sweetpotato weevil-free area or property or premise and shall lose its sweetpotato weevil-free status.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655 and R.S. 3:1732.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:320 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:704 (July 1992), LR 27:1177 (August 2001).

§141. Handling, Storage and Processing of Sweet Potatoes within Those Areas or Properties or Premises of the State Designated Sweetpotato Weevil-Infested

A. Sweet Potatoes Treated with Approved Chemicals. There shall be no date limit on the shipment of sweet potatoes from those areas or properties or premises of the state designated sweetpotato weevil-infested, provided:

1. sweet potatoes to be marketed after April 1 following the year of production must be treated before February 28 with a chemical or chemicals labeled for sweet potato use and approved by the department; and

2. sweet potato packing sheds, processing plants and/or storage houses, and all containers and equipment used in handling sweet potatoes must be cleaned and treated in a manner prescribed by the department as soon as possible after final disposal of a crop of sweet potatoes.

B. Sweet Potatoes Not Treated with Approved Chemicals and/or Heavily Infested with Sweetpotato Weevil. Unprocessed sweet potatoes shall not:

1. be held in processing plants, warehouses or other storage houses on properties or premises supporting active infestations of sweetpotato weevils;

2. be moved in any manner except as provided for in §139.C.3.b;

3. be sold or offered for sale after April 1 following the year of production, except seed sweet potatoes that are apparently free of sweetpotato weevils and have been properly treated as prescribed in this Section.

C. This provision shall apply to all sweet potatoes even though previously inspected and certified for sale and movement.

D. Sweet potato packing sheds, processing plants and/or storage houses, and all containers and equipment used in handling sweet potatoes must be cleaned and treated in a

manner prescribed by the department unless a special permit extending the deadline is issued by the department.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655 and R.S. 3:1732.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:321 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:705 (July 1992), LR 27:1178 (August 2001).

§143. Fees

A. A fee of \$0.06 per bushel shall be charged for each bushel of sweet potatoes moved or shipped within or out of Louisiana.

B. The fee charged for sweet potatoes moving to processing plants shall be collected on the basis of the amount of purchase less 10 percent for breakdown and shrinkage while in storage.

C. A fee of \$0.10 per thousand shall be charged for vines, plants, slips or cuttings moved or shipped within or out of Louisiana.

D. Method of assessing fees and time when fees are to be assessed.

1. Fresh Market

a. Fees will be assessed based on average marketable yield per acre for each acre of sweet potatoes planted. The Louisiana Sweet Potato Advertising and Development Commission will determine the average yield.

b. The total acres planted by each producer will be officially determined through the use of global positioning technology or other, similarly technical means, under departmental oversight. Each producer will be provided a mapped copy of his production fields and the acres of each field.

c. One-half of the total fee assessment shall be paid on or before October 15 of each year and the remaining balance shall be paid on or before December 15 of each year.

2. Processing Plants—assessed at the time the sweet potatoes are moved into a plant for processing or packed to be shipped as non-processed potatoes.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655, R.S. 3:1732 and R.S. 3:1734.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:321 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 15:77 (February 1989), LR 18:705 (July 1992), LR 27:1178 (August 2001), LR 29:2298 (November 2003).

§145. Penalties for Violation of Sweetpotato Weevil Quarantine

A. Any person violating any portion of the sweetpotato weevil quarantine regulations, or any portion of a signed compliance agreement with the department, may be called to an adjudicatory hearing held in accordance with the Administrative Procedure Act and may be subject to a civil penalty of not more than \$5,000 per each violation per day.

Proportionate costs of the hearing may be assessed against the violator. The amount of these costs shall be limited to attorneys' fees as charged to the department for the actual hearing and preparation for the hearing; and actual cost of departmental personnel time in processing violations.

B. A sweet potato dealer's permit may be suspended, revoked or placed on probation if the holder thereof fails to comply with the provisions of these regulations or with the provisions of a signed compliance agreement with the department, subject to a finding in support of such action in a properly conducted adjudicatory hearing.

C. Sweet potato plantings found in a non-sweet potato area may be destroyed at the expense of the person or persons responsible for the plantings.

D. Regulated material found in violation of these regulations or in violation of a signed compliance agreement with the department may be destroyed and/or disposed of in a manner approved by the department at the expense of the person or persons responsible for the regulated material.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1655 and R.S. 3:1732.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:321 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:705 (July 1992), LR 27:1179 (August 2001).

§147. Sweet Potato Dealer's Permit

A. All persons, including sweet potato growers and farmers, commercially growing, selling or offering for sale sweet potatoes shall not grow, move, clean, grade, pack or repack for sale, or process in any manner sweet potatoes without a valid Sweet Potato Dealer's Permit.

B. Applicants for Sweet Potato Dealer's Certificate Permit shall complete and file the application required by the department, which shall set forth the following conditions:

1. a guarantee to reimburse any purchase price of sweet potatoes which are confiscated because of sweetpotato weevil infestation or unauthorized sale, offer for sale or movement;

2. an agreement to permit, at the dealer's cost, the disposal or destruction by an inspector of the department or the return to point of origin of any sweet potatoes sold, offered for sale, moved or moving without authorization, or infested with sweetpotato weevil;

3. a signed agreement to comply with any and all sweet potato quarantine regulations and any conditions specified in the agreement.

C. The provisions of this Section do not apply to retail grocers and other retail outlets selling or offering for sale sweet potatoes possessing a valid certificate permit and/or certificate permit tags indicating that the sweet potatoes have been inspected, and that are sold or offered for sale directly to the consumer from a permanent building at a permanent location.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1653, R.S. 3:1655, R.S. 3:1732 and R.S. 3:1735.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:322 (April 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:705 (July 1992), LR 27:1179 (August 2001).

Subchapter D. Pink Bollworm Quarantine Regulations

§149. Applicability of General Quarantine Regulations

A. Cotton plants, plant products and parts thereof and host materials for the pink bollworm are subject to all pertinent provisions of the general quarantine regulations and to the regulations contained in this Subchapter.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1652.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:322 (April 1985).

§151. Definitions Applicable to Pink Bollworm

Approved Gin—a gin with a pink bollworm kill efficiency rating of 90 percent or better.

Disinfected or Disinfested Seed—cottonseed treated in a manner and by a method approved by the state entomologist to kill pink bollworm present in any stage of development.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1652.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Office of Agricultural and Environmental Sciences, LR 11:322 (April 1985).

§153. Articles Restricted or Prohibited for Intrastate Movement

A. Regulated articles may not be moved from a regulated area to a pest-free area except under certification.

B. Untreated and/or unmanufactured regulated articles may not be moved within a regulated area except under permit.

C. The following articles are exempt from the prohibition contained in this Section under conditions as shown for each article:

1. compressed baled cotton lint, linters and lint cleaner waste when such products have been given standard or equivalent compressions;

2. samples of cotton lint and cotton linters of the usual trade size;

3. cottonseed cake;

4. cottonseed meal; and

5. edible okra grown within a locality in which no pink bollworm is known to be present.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:1652.
