February 20, 2014

Harper Darbonne of Lake Charles shows off the award-winning cabbage she grew for the Bonnie Plants 3rd Grade Cabbage Program Contest.

Please deliver this Market Bulletin to:

And the Winner is...

By Veronica Mosgrove

When it comes to growing mega-sized cabbages, Louisiana's third graders seem to have what it takes! It's all part of a sponsored program by Bonnie Plants in which third graders across the country are sent home with cabbage plants to nurture and grow.

The latest winner from Louisiana is nine-year-old Harper Darbonne of Lake Charles, La. While she participated last year, she was officially awarded February 7, 2014 in front of her now fourth-grade class and the rest of the grades at Immaculate Conception Catholic School. Harper said she didn't do anything special, she just did the most important thing to make it thrive -- "We just watered it every day."

Harper's mother said not everyone chooses to participate in the third-grade competition, but it was a no-brainer that Harper would be involved. "We have a garden in the backyard and all three of our girls started helping their dad, Steve, in the garden starting when they were toddlers. They love planting the seeds and watering what they grow," said Samantha Darbonne.

Harper rattled off a list of what she has grown in her backyard: carrots, cucumbers, eggplant, peppers, radishes and tomatoes. Harper says she likes cabbage and normally eats it raw with vinegar and pepper. However, she really likes growing cucumbers. "I like cucumbers the best because we can pick them."

Bonnie Plants representative Foster Reeves added, "The program gets children involved, teaches them responsibility because they have to water it and check on it and it's a sense of accomplishment when it grows."

According to their website, Bonnie Plants started the 3rd Grade Cabbage Program in 2002 "...with a mission to inspire a love of vegetable gardening in young people." The company distributes more than one million cabbages to schools across the country and awards a \$1,000 scholarship to one student in each state. The cabbage is the vegetable of choice because it was the first plant sold by the company in 1918.

Bonnie Plants representative Foster Reeves, along with Commissioner Mike Strain, presented a \$1,000 check to 3rd Grade Cabbage Contest winner, Harper Darbonne.

Harper said the money she won is already in an educational fund. She said she couldn't quite remember what the cabbage weighed saying it was maybe five pounds and took a couple of months to grow. She did, however, eat her winning cabbage and said it was quite delicious!

While at the award ceremony, Harper's fourth-grade class and the second-grade class which will participate in the program next year, were sworn in as junior agriculture commissioners by Department of Agriculture and Forestry Commissioner Mike Strain, D.V.M.

Louisiana Agriculture & Forestry Today

Strain lauds Congress for final passage of Farm Bill

“For more than a year, we have struggled to gain stability for the nation’s farmers while a long-term Farm bill was in limbo. I am happy to hear our congressional leaders have finally resolved their differences and voted in favor of a five-year Farm Bill. It was certainly overdue.

“The agriculture, forestry and aquaculture industries are the largest sector of our state’s economy comprising of more than 85percent of the surface area of this state. Valued at about \$11.4 billion, these industries combined make up one of Louisiana’s largest and most economically dependent industries. With more than \$140 billion in

exports last year, agriculture continues to improve our balance of trade through trade promotion programs and opening new products for American goods. This in turn promotes rural development and creates needed jobs here at home.

“The legislation is an extremely important piece of legislation for the U.S. farmer and rancher as it sets the course for the largest industry in Louisiana and America. The Farm Bill promotes an economically healthy U.S. agricultural sector that is in and of itself one of the foundations of our economy.

“The five-year Farm Bill will now provide much needed certainty for agricultural producers, allowing

them to plan and make business decisions as they continue to produce a safe and abundant supply of food, fiber, and fuel. Their ability to do so is vital to our national security and economy. Of course, the risk of not having a five-year Farm Bill makes it more difficult for producers to secure financing for planting next year’s crop, leaves livestock producers in drought-stricken regions of the country without important disaster assistance, and important export promotion programs are frozen.

“The new Farm Bill provides mechanisms for much needed market protection, natural resource conservation and disaster assistance programs. If managed properly,

agriculture, forestry, and aquaculture are infinitely renewable and sustainable. This bill will provide farmers and ranchers certainty for the coming year and allow the United States Department of Agriculture and its related agencies to begin planning for its implementation.

“The United States leads, feeds, clothes, and provides fiber for its people and much of the world. This is the greatest challenge of our generation. We must ensure America’s agricultural economy remains strong.”

President Barack Obama is expected to give final approval of the Farm Bill.

CATTLE

Attention: Bull sellers and buyers. All non-virgin bulls and bulls older than 24 months for sale in Louisiana must have a current negative trichomoniasis test from an accredited veterinarian before they may be sold. Virgin bulls must have a breeder's certification of virgin status signed by the breeder, the breeder's agent or an accredited veterinarian. For more information, contact the LDAF Animal Health Services and Food Safety at 225-925-3980 or visit the website at www.ldaf.state.la.us.

REMINDER: Have all of your heifer calves between four and 12 months of age vaccinated against brucellosis. For information contact your local veterinarian, LDAF animal health personnel, your parish Cattlemen's Association or parish Farm Bureau.

DEER & EXOTICS

NOTICE: Effective November 19, 2012 LDAF has suspended the importation of the following captive cervidae: rocky mountain elk, red deer, mule deer, black-tailed deer, white-tailed deer and Sika deer into Louisiana.

Any person who keeps, breeds, raises, contains, harvests, kills, slaughters, buys, sells, trades, or transfers ownership of any type of farm-raised alternative livestock (deer and/or exotics) for commercial purposes shall obtain a farm-raising license, from the Louisiana Department of Agriculture and Forestry (LDAF) prior to engaging in such activity. For more information, contact the LDAF office of Animal Health at 225-925-3980.

Each time an ad is submitted for farm-raise alternative livestock (deer and/or exotics), it must be accompanied by a LDAF-issued permit number.

Annual LDAF shade tree sale dates set

The Louisiana Department of Agriculture and Forestry (LDAF) will hold its annual shade tree sale on various dates throughout the state, Commissioner Mike Strain, D.V.M., said.

"Consumers know they'll be able to purchase a variety of hardwood and pine seedlings that are descended from superior stock," Strain said. "Since the seedlings can be purchased in small packets they are manageable for just about any home gardener."

Two types of seedling packets will be offered.

Pine packets contain 20 loblolly or slash seedlings. Hardwood seedling packets contain six seedlings including two bald

cypress, river birch, green ash, shumard oak and red maple. Both pine and hardwood packets are priced at \$6 each.

Packet species content may vary in some cases, depending on availability.

All seedlings are bare-root and come with planting and care instructions. They will be available on a first-come basis and cannot be reserved in advance.

"Some years we sell out of certain species before the week is out, especially some of the hardwoods, so we encourage folks to come early during the sale," Strain said.

See the following list for specific sale dates and locations:

Seedling sale dates and locations

Indian Creek Recreation Area dusted with snow

Louisiana Department of Agriculture and Forestry's Indian Creek lake and campground became a snow covered winter wonderland in late January after south Louisiana experienced unusual winter weather. Indian Creek is located in central Louisiana, seven miles south of Alexandria. To learn more about the area visit our website at www.LDAF.la.gov or call 318-487-5058. Photos by Angela Dickson, LDAF park manager.
